

# Early Intervention

## Individual Support

Our experienced Early Intervention team partners with families to support your child's learning through establishing foundations for future growth and development. We offer individual and small group programs.

Our services are individualised and include education about child development, therapies, working towards developmental goals and transition to childcare, preschool and school.

Our Early Intervention individual and group programs are engaging and fun, to assist our clients reach their potential.

## Individual Support

### Target Group

Children aged 0-6 years who have a developmental delay or sensory issues, who require extra support.

### What to Expect

Individual Early Intervention supports partner with families to develop skills through play-based activities that enrich the child's global development.

Support is provided by an Early Intervention Consultant who has specialist training in working with children who have developmental or sensory issues.

Sessions may be weekly, fortnightly or monthly.

### Goals of the Program

Goals are individually negotiated with the child's family.

### Delivery

Our Early Intervention Consultants work in a variety of ways including:

- Providing individual support
- Working in small groups
- Working within educational settings
- Developing home based programs
- Providing resources & information

### Aims of the Program

Individual Early Intervention support aims to monitor and develop the skills important in preparing for preschool and school.

### Outcomes

Outcomes may include:

- Meeting specific individual goals
- Connecting families
- Access to the community
